> Prebilling

Steps: Billing > Prebilling

Purpose: Prepare and verify the data before creating an invoice

- **Review Timesheets** – ensure caregiver times are accurate
- **Verify Service Authorizations** – review authorization hours/units are allocated appropriately

Caregiver Compliance does NOT prevent visits from being invoiced

Any visits in Prebilling are NOT able to be invoiced until issues are corrected

Most Common Prebilling Problems:

- **Incomplete Confirmation** – A visit does not have a clock in and/or clock out
- **Unbalanced** – A caregiver's clock in was outside of the tolerance range of the scheduled visit
- **Not Authorized** – A caregiver has gone over his/her authorized hours or there is no authorization available to cover the visit

Check out the HHAeXchange Knowledge Base for step-by-step videos on how to resolve Prebilling problems

<https://knowledge.hhaexchange.com/enterprise/Content/Training/Getting-Started-T.htm>

Billing Review

Steps: Billing > Billing Review

Purpose: Review and finalize invoices before they are sent out

- **Correct:** Correct any errors that appear in the Problems column and make any necessary adjustments
- **Finalize:** Confirm that all approved invoices are finalized to continue to the last step

Any visits in Billing Review are NOT able to be electronically submitted until issues are corrected

Most Common Billing Review Problems:

- **Pending Billing of Additional Shifts on Same Day** – Only one visit has been invoiced on a day with multiple visits
- **Visit on Same Day/Service Code must be billed on same Invoice**– Multiple visits on the same day were not invoiced together during Invoicing step

Check out the HHAeXchange Knowledge Base for step-by-step videos on how to resolve Billing Review problems <https://knowledge.hhaexchange.com/enterprise/Content/Training/Getting-Started-T.htm>

File Processing

-----------	------------	-------	--------------	--------------	-----------	---------	--------------	-----------	---------------------	--------	---------

The Claim file Status will only include visits for linked contracts and visits that completed the E-billing step

Claim Status Report

Steps: Report > Billing > Claim Status Report

Purpose: View all electronic claims and their corresponding acceptance or rejection status

- **Review:** See which claims were accepted or rejected by the payer
- **Correct:** Correct any claims that were rejected and resubmit as necessary
- **Analyze:** Track any patterns and report on how many claims were submitted during a specific time period

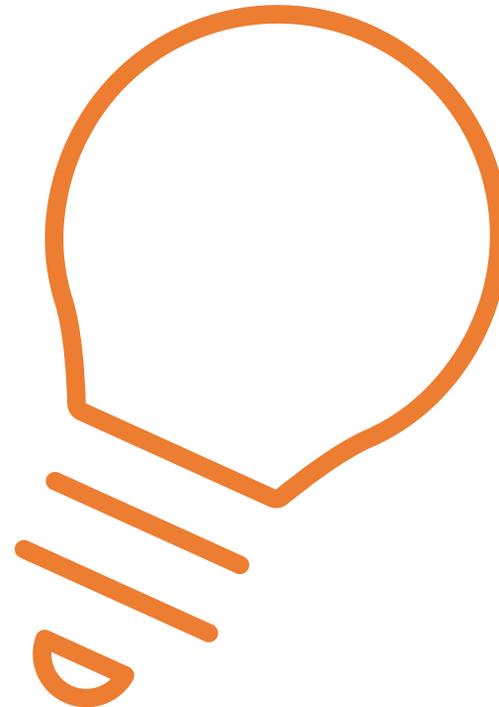

The Claim Status will only update for linked contracts and visits that completed the E-billing step

Visit with the same Service Code, Patient & DOS are not on the Same Invoice

Option 1: Correct the Mismatch Manually in the HHA

1. Locate the visit in 3rd party system
2. Combine visits into single invoice
3. Update in HHAX
 - a. Identify the mismatching invoice
 - b. Un-export & add TRN
 - c. Delete the visit(s) from the incorrect invoice.
4. Submit the updated, merged invoice via the V5 interface

Note: the updates are sent the same day to allow claims to process correctly.
5. Once visits are reprocessed, system will auto generate Invoice/E-billing batch to rebill.

Visit with the same Service Code, Patient & DOS are not on the Same Invoice

Option 2: Use the V5 Integration

1. Locate the visit
2. Combine visits into single invoice
3. Resend the updates via the V5 interface
